Employee Representative Number: 001270326

Terrie started in the financial services industry more than 20 years ago, having worked in a number of stockbroking and financial advice firms. After time out of the industry to look after her young children, Terrie returned to the industry working with BDO in the Salary Packaging team before moving to Private Wealth.

Terrie brings a wealth of experience in all facets of financial advice and investment. Throughout her career she has provided specific solutions to a diverse client base with varying lifestyle and financial objectives.

The process

Helping you to engage and understand your financial situation and to see how your financial future is shaping up can be powerful. BDO Private Wealth works with you so you can take control.

In order to provide you with financial advice, we need to understand you and your situation and what drives you. We believe there is very little that exists in isolation. To us, the holiday choices you make, how you educate your children, time spent with family, your estate plans and the values you hold are just as important as your income, expenditure and savings. By collecting this information and getting a sense of who you are, we can develop and provide you with individually tailored solutions through either a Discussion Paper or a Statement of Advice (SoA) (or both), allowing you to have a greater understanding of your overall financial position and make informed future lifestyle decisions.

Authorisations

Our advisers have been authorised under BDO Private Wealth Advisers Pty Ltd to provide advice and deal in the following financial advice areas:

- ▶ Deposit products
- ▶ Government debentures, stocks and bonds
- ▶ Life insurance risk and investment products
- ▶ Managed investment schemes, including investor directed portfolio services
- ▶ Retirement savings account products
- ▶ Securities
- ▶ Superannuation.

Fees and benefits BDO may receive

Discussion paper

We charge on a fee-for-service basis. This means the cost will vary, depending on the complexity of preparing a discussion paper. Our fee for the preparation of a discussion paper starts at \$5,200 incl GST and would increase dependent upon the complexity of your situation. A full outline of costs will be provided to you prior to us entering into an agreement to prepare a discussion paper.

Advice implementation fee

If we provide specific advice on strategy and/or provide investment recommendations or insurance advice, an outline of the fee will be provided prior to us proceeding with the advice. Our advice fee starts at \$5,200 incl gst and would be higher the more complex your situation. The fee will cover the specific advice and any implementation of investments or insurances that may apply. In most instances, you will be sent an invoice for this fee.

Ongoing service fee

We also provide a comprehensive ongoing service. The fee can vary depending on your situation and services provided. This fee can be charged based on a fixed fee or percentage of funds under advice. The table below provides a guide to our ongoing service fees. The method and amount of this fee will be provided to you for approval prior to you engaging our services. Some of the factors that determine the fee are the complexity, number of portfolios, types of investments and time taken to provide the ongoing service.

Wealth advisers

BDO Private Wealth Advisers are employees of the firm and as such, are salary advisers. Wealth Advisers do not receive any advice fees or commissions when providing financial advice.

Insurance products

Although we are working towards being entirely fee based, the fact remains that we are currently unable to avoid commission payments from some product providers. Only 4% of our business is commission based.

The issuers of life insurance products pay BDO Private Wealth an initial and ongoing commission. This commission can vary depending on the product and insurance company and the year you take out the insurance. The following table explains the commission percentages BDO Private Wealth will be paid each year.

Policy date	Maximum initial % of premium	Maximum ongoing % of premium
From 1 January 2020	60%	20%

For example, if your first year's premium was \$500 and the initial commission was 60%, BDO PWA will receive \$300. If your premium for the second and subsequent years was \$500 and the ongoing commission was 20%, BDO PWA will receive \$100 per annum.

All fees and commissions are exclusive of GST. All fees are payable to BDO Private Wealth.

Referral fee

BDO Private Wealth have a referral fee arrangement with a limited number of external groups. If you have been referred to us by one of these parties, a referral fee will be paid to the referring party (maximum fee payable is 20% of your fee).

For example, if your fee was \$7,500, we will pay \$1,500 to the referral party.

The exact amounts of any fees, commissions, bonuses or other incentives received by BDO Private Wealth will be included in the Statement of Advice provided to you.

Other benefits

We are required to keep a register of Alternative Remuneration which details any payment other than fees and commissions which may be received by us from fund managers or product providers. This register is available for inspection with 7 days' notice in writing.

These benefits assist with the provision of financial and marketing services, invitations to industry seminar presentations and conference registration fees. The maximum value of any such benefit is \$300.

Where any such relationship or association exists with a fund manager, and we recommend you to invest in their product, we will explain the details of any benefit we may be entitled to receive. This information will also be included in the Statement of Advice we provide.
